 **Changements** :

- * Added embedding of Flickr, SmugMug, and Picasa albums.
- * Added some missing danish translations.
- * Added a missing line-break after plugin-tabs.
- * Added album link to "single media item" plugin for Content module.
- * Improving "album" plugin for Content module.
- * Added ability to add album in the pnForms media-item selector.
- * Added permission checks in the pnForms media-item selector.
- * New admin icon.
- * Fix #7 - cannot upload zip-file with gif
- * Fix #9 - Fixed performance of updating nested set values (moved to stored procedure).
- * Fix #45 - keywords not working with 'umlaute'
- * Fix #52 - alpha transparency in PNGs
- * Fix #70 - mediashare plugin for scribite is not working with flickr
- * Fix #72 - missing baseurl in invitation-mail

- * Fixed incorrect invitation album access (could not see other public albums)
- * Fixed a bug in the photoshare conversion file (pnshow.php).
- * Fixed missing delete of invitations table when removing module.
- * Fixed issues with [Zikula](#)'s short URL handling.
- * Fixed menu positions.
- * Now using [Zikula](#) prototype scripts.
